

Many of you have met Rebecca, our Operations Coordinator. Rebecca has been with us for just over two months and provides operational support for all our activities. She has reorganized our space and we now have a lamination/die cutting area that is well lit and clutter free!

Rabbit from the Family Place has been hard at work (with us on a contract basis) refurbishing the resource library. She has reorganized, updated the kits and is creating new kits. Please come in to check out what she has done!

Many of you know Heidi, one of our library volunteers. She is joining the staff on April 2nd as our Early Literacy Coordinator! She will help Rabbit finish up the refurbishment of the library and support the library and our early educators on an ongoing basis. Stop by to say hello and welcome Heidi!
